THE INTERNATIONAL MEETING PLACE FOR THE HYDROGEN ECONOMY.

Driving the hydrogen economy forward together.

On **4 and 5 December 2024**, HYDROGEN DIALOGUE – Summit & Expo brings together decision-makers and experts from the hydrogen industry, politics, and science. Introduce your company to international industry professionals and use our stage as a stepping stone to success!

WHAT YOU CAN LOOK FORWARD TO:

- **Expo:** Our exhibition hall is the meeting place for national and international technology and solution providers - the latest technologies and applications are presented here. It is the marketplace for hydrogen technologies.
- **Summit:** The summit will cover the entire local and global H2 value chain with a national and international focus in exciting keynotes, presentations and panel discussions.
- **Sharing knowledge:** Project presentations, success stories and exchange of experience are the focus of the Innovation Stage in the exhibition hall. Get in touch with new partners and customers and launch together innovative projects in the field of hydrogen!
- **Networking:** Come into dialogue with the hydrogen economy! The combination of Expo and extensive conference programme at the Summit offers you the unique opportunity to discuss innovations and trends live with movers and shakers from business, science and politics.

Venue: Hall 10.0, NCC Mitte, Exhibition Centre Nuremberg

Date: 4–5 December 2024

Organizer: NürnbergMesse GmbH

Conceptual Partner: Hydrogen Center Bavaria (H2.B)

Patron: Bavarian Ministry for Economic Affairs, Regional Development and Energy

Event languages: German, English

LET'S MAKE THE FUTURE HAPPEN.

We are the international event for the entire value chain in the hydrogen economy.

Our program is tailored to your needs: At the **Expo** you present your solutions, technologies, and projects to an international public, and the **Summit** is your meeting place for interacting with the industry's decision-makers and players.

- Participants from industry, politics and science
- Platform for a successful market ramp-up for the hydrogen economy
- Space for discussion, networking, technology show, and knowledge sharing

SETTING THE COURSE TOGETHER:

- + **SECURE MARKET SHARE**
Start with new partners
innovative projects
- + **BECOME A TECHNOLOGY EXPORTER**
Convince participants
from all over the world
- + **ATTRACT ATTENTION**
Make your topics visible and
politically relevant
